Summary page shows aggregated longitudinal numbers of unduplicated headcount, enrollment, unofficial FTSE and number of sections (CRNs), along with key demographic characteristics, including race/ethnicity, gender, full/part-time status, and age groups. This report includes W grades and uses end of term (99th day) snapshot.

Headcount here is unduplicated, meaning a student is counted only once within each breakdown category.

Headcount does not have a Total row, because the same student can be counted in more than one division.

Enrollment or seatcount, is a student count for which a student is counted as many times as he/she is enrolled in any section within each breakdown category. Thus, this is a duplicated headcount.

Annualized FTSE (Unofficial) is the total number of student term credit hours divided by 30.
