PCC Chancellor Search Committee Progress Report

The Pima Community College Chancellor Search Advisory Committee met on Monday, September 24th with all but two of the 31 members in attendance. Co-chairs Brenda Even and David Longoria welcomed the committee on behalf of the Board of Governors.

Brenda Even reviewed the Board’s Charge to the Committee for the Chancellor Search. David Longoria commented on the confidentiality required during the Search and presented the Confidentiality Statement that all Committee members signed. (The two members who were not present can view the video of the meeting and sign their statements before the next meeting.)

John Richardson, the Board’s Legal Counsel, then gave an overview of the Arizona Open Meeting Laws, as they pertain to the search process, and answered questions from the committee.

The search consultant from R. H. Perry & Associates, Liz Rockling, provided information on all stages of the Search process and answered a number of questions from the committee. The next step in the process will be recruiting applicants for the position.

The Executive Search Profile is completed, and is on the PCC website and on RHPA’s website. Advertisements have been placed in various media, including the Chronicle of Higher Education. A personal letter and a link to the Profile have been sent to 3-4000 sources of potential nominees and potential candidates.

The Chancellor Search Committee members are excited and challenged by the task ahead. Please do not ask Search Committee members for information (other than the information shared in these Progress Reports). If you have potential candidates to suggest, please send their names directly to Liz Rocklin at: erocklin@rhperry.com. She will follow up with all suggested individuals and the confidentiality of all candidates’ interest in the position will be maintained.

The next meeting of the Search Advisory Committee will be Nov. 13.
