## Summary of Student Enrollment for Fiscal Year 2020-2021

This report summarizes enrollment of Fiscal Year 2020-2021 (FY 2021), in terms of: (i) annual unduplicated State reportable head count, and (ii) annual full-time student equivalent count (FTSE) generated by enrollment in credit classes and completion of select non-credit educational programs.

- (i) Annual unduplicated head count is simply the number of unique students served within the year. Thus, district-wide, a student is counted only once regardless of the number of campuses attended or courses enrolled. Within a campus, a student is counted once regardless of number of courses enrolled at that campus.
- (ii) One annual Full Time Student Equivalent (FTSE) unit is equivalent to 30 credit hours of enrollment in credit courses, or 640 clock hours spent in completion in select non-credit programs. That is, every 30 credit hours of credit course enrollment at the college adds 1 to the FTSE count. Similarly, every 640 clock hours completed in select non-credit programs adds 1 to the FTSE count, those programs being:
  - a. Pima Community College Adult Education (PCCABECC or ABE)
  - b. Those courses offered by the Center for Training and Development (CTD)

This report also includes the unduplicated head count associated with non-reportable credit-hour, clock hour, and non-credit instruction.

At Pima Community College, FY 2021 ran from July 1, 2020 through June 30, 2021. FY 2021 enrollments include:

1. Traditional Census Date enrollment from Fall 2020 and Spring 2021
2. Summer enrollment from all of Session B of Summer 2020, the end of Session C of Summer 2020, all of Session A of Summer 2021, and the beginning of Session C of Summer 2021
3. All other short-term and open entry/open exit enrollment between July 2020 and June 2021
4. Students enrolled in Pima Community College Adult Education (PCCAE or ABE) and the Center for Training and Development (CTD) during FY 2021.

The credit enrollment data for the fiscal year that was extracted for this report was finalized, or “frozen” on July 30, 2021. All data is current as of Fall 2021.

In FY 2021, the College’s total annual reportable FTSE unduplicated head count was 31,832 and its total annual FTSE was 11,488.1 (Tables 1a and Table 5a).

Compared with FY 2020:

1. Total College reportable FTSE unduplicated head count decreased by 8,333 (-20%), and total reportable FTSE decreased by 2,383.7 (-17.2%) (Tables 1a and Table 5a).

2. Reportable FTSE unduplicated head count (N) by campus and change by (N, %) (Table 1a):
  - a. Pima Online: 17,498 (+241, 1%)

3. Females accounted for 60% of the total head count (among reported gender) in FY 2021, up from 57% in FY 2020. By campus area, females represented 60% of the traditional campus head count, 75% of Adult Basic Education (ABE), and 89% of the Center for Training and Development (Table 2).
  
4. Minority students (defined by race/ethnic categories other than White/non-Hispanic and Two or More Races) accounted for 59% of the total head count (among reported race/ethnicity). There was no significant change from FY2020. By area, minority students represented 58% of the traditional campus head count, 84% of Adult Basic Education, and 68% of the Center for Training and Development (Table 3).
