

WE RISE

There's a shorter path to a **BSN.**

Together, we can help students
do more in nursing.

To earn a Bachelor of Science in Nursing (BSN), community college students would normally have to transfer to a four-year university. Not anymore. With the help of our Concurrent Enrollment Program (CEP), students completing their Associate Degree in Nursing (ADN) can simultaneously work toward a BSN —earning both in only three years.

We're also offering a Tuition Guarantee Program for Community College students that locks in tuition at \$350 per credit hour.

University of Phoenix®

The Concurrent Enrollment Program (CEP)

How It works

When students enroll in the CEP, they'll take all of their classes with the same 15–25 students from their Associate Degree in Nursing (ADN) program. This built-in support helps students focus as they complete their degree, one class at a time.

The benefits

Your students will save time and money by:

- Completing a BSN in less than a year after their ADN
- Following a schedule that works around their ADN classes
- Transferring their credits seamlessly through our Transfer Pathway
- Taking fewer courses than in a traditional RN to BSN track

For your community college, the CEP has the potential to improve retention and increase ADN graduation rates – all while preparing your students for advanced nursing roles.

They can access a powerful support system.

In addition to the familiar names they'll see in every class, students will also be assigned a Team of Advisors that can assist them with questions about enrollment, academics and finances. They can also take advantage of our full suite of University resources for both associate and bachelor's degree courses.

Our BSN program features:

- Accreditation by the Commission on Collegiate Nursing Education (CCNE)
- Instructors who average 20 years of real-world experience
- Curriculum aligned with third-party industry standards, including:
 - American Association of Colleges of Nursing (AACN)
 - Quality and Safety Education for Nurses (QSEN)
 - American Nurses Association (ANA)

About University of Phoenix

University of Phoenix was founded in 1976 to make higher education accessible to working adults. Our students benefit from the convenience of evening classes, flexible scheduling, frequent start dates, a student-centered environment, online classes, mobile-friendly classrooms, a digital library and computer simulations. Our promise to our students is to provide an innovative education designed around practicality and relevant skills that are sought after in today's workplaces.

This transfer guide is intended for students enrolled in the Pima Community College and University of Phoenix Concurrent Enrollment Program (CEP). Students who are not enrolled in the Pima Community College and University of Phoenix Concurrent Enrollment Program (CEP) should seek advisement from their respective institution if interested in the transferability of other programs.

University of Phoenix Associate Degree in Nursing Block Transfer Policy

*Effective for new students applying to University of Phoenix on or after 07/01/2017, Students transferring to University of Phoenix into an undergraduate RN to BSN program with a previously completed, regionally or nationally accredited Associate of Arts degree or Associates Degree in Nursing completed from a community college will be considered as satisfying their lower division general education and elective credits.

***identifies courses to be taken in a non-degree admission status prior to admission into the BSN 016 program.

IMPORTANT: This summary is an estimation of credits only based on the current catalog and degree program requirements. Actual credit may vary based on each individual student's submission. Concentrations are reflected on the transcript only. All courses that apply to an associate's degree transfer to the University of Phoenix with the exception of remedial or vocational courses. Courses must have received a grade of C- or higher to transfer.

NOTE: The BSN V. 016 program at University of Phoenix is accredited by the Commission on Collegiate Nursing Education, One DuPont Circle, NW, Suite 530, Washington, DC 20036, (202) 887-6791. <http://www.aacn.nche.edu/ccne-accreditation>
