Sharon:

Congratulations, after completing the in-person audit and with only minor adjustments of correction, the Bureau of Emergency Medical Services and Trauma System approve your continued instruction of the EMT Course, EMT Challenge Examination, EMT Refresher, ALS Challenge Examination, ALS Refresher, and the Paramedic Course

Thank you so much for having documentation that was easy to read, organized in a method that follows the template of our audit, and either meets or exceeds the expectation of Arizona rule. It was also great to see that your administration and key instructors were made available to assist in the process.

Kind Regards,
