On Tuesday, October 8, 2019, at approximately 8:00 a.m., a female student reported that a male in the West Campus cafeteria approached her and asked if he could sit down at her table. He immediately flirted with her and asked her for a date, which she declined. This seemed to upset the male, who then reached out and stroked the female's leg from her knee moving upward towards her hip area. The female quickly left the area and sought out other people on campus. The male was last seen walking West from the main entrance shortly after the encounter. If you have any information that could identify the male, please contact College Police immediately at 206-2700.

How to Protect Yourself: Avoid dark vacant places; be alert. If you are being followed, head quickly to a lighted area or to a group of people; avoid places where you are vulnerable and there are no exits. When walking: Avoid shortcuts; walk where there is plenty of light and other traffic; never walk alone at night unless absolutely necessary; report any suspicious activity or misconduct to police; Give your car the "once over" before entering with a critical eye for possible break-ins or persons in the rear seat or floor area.
