Article X.  
Miscellaneous Conditions of Employment

A. Course Material Royalties and Conflict of Interest

Pursuant to A.R.S. 38-501 through 38-511, College employees are subject to Arizona conflict of interest laws. In general, Arizona’s conflict of interest laws (1) require an employee who has a conflict of interest to disclose the conflict, and (2) prohibit an employee with a conflict from having any involvement, as an employee, in any proposed contract, procurement, or other decision to be made by the College on a subject matter related to the conflict. This includes any decision whether or not to use particular course materials. Course materials are defined as but not limited to: textbooks, course adopted software and custom anthologies.

If a Faculty member, or one of the Faculty member’s relatives, has a present or anticipated personal pecuniary or proprietary interest in any proposed course materials, the Faculty member must not be involved in the decision-making process regarding the use of those course materials. Prior to the Faculty member adopting and using those course materials, the Faculty member must receive written approval of the Provost or an official designee. The Faculty member will then complete a conflict of interest disclosure form, and submit this, along with the written approval, to the Chancellor’s office.

Refer to the Personnel Policy Statement for College Employees for more information on conflict of interest disclosure requirements.

B. Health and Safety

The Board shall at all times provide and maintain facilities, equipment, and a general educational environment which do not in any way endanger or otherwise jeopardize the health and safety of Faculty members or students. Faculty members shall not be required to work under unsafe conditions or to perform tasks which endanger their health and safety. When a Faculty member reports working conditions perceived to be unsafe, the Administrator charged with resolving the issue shall provide appropriate feedback to the Faculty member on the resolution of the reported unsafe working condition.

C. Out-of-Pocket Expenses

No Faculty member shall be obligated to incur out-of-pocket expenses for the performance of required duties. No Faculty member shall be required to transport students in her/his private car, nor shall a Faculty member be required to use her/his car for District business. If, however, a Faculty member chooses to use a privately owned vehicle for approved District business, the District shall provide reimbursement for such use at the official state mileage rate plus tolls.
