Safety Update
Board of Governors
February 27, 2013

Emergency Response Plan

- Developed 2008
- Plan is located on the Intranet in two locations:
  - College Police
  - Health and Safety>Emergency Preparedness
- Based upon Incident Command Protocol
- Includes:
  - Command Response Structure
  - Emergency procedures for various situations
    - Evacuations
    - Bomb threats
    - Armed intruder, etc.
Recent Improvements

- Created Behavioral Assessment Committee
- Installed panic alarms in high risk areas
- Conducted security assessments for work areas
- Secured cashier areas
- Improved Clery reporting and public information
- Improved lighting
- Conducted evacuation drills, both planned and unplanned
- Added training through College’s Organizational & Professional Development department

Training

- Campus-wide presentations
- Campus watch program
- Training through the College’s Organizational & Professional Development department

Areas of Focus / Improvement

- Improve Communications
  ◦ Accelerating Notifications to Faculty, Students, and Staff
  ◦ Publicizing PCC website information: alerts, campus watch notices, etc.
  ◦ Exploring opt-in text message alert system
  ◦ Expanding use of two-way radios to DPS dispatchers
- Review existing Emergency Response Plan
- Increase access to training videos via Intranet, including “Shots Fired – When Lightning Strikes”
- Explore feasibility of “Active Shooter Drill” training
- Develop specific emergency safety plans for Student Services areas
- Explore the possibility of increasing DPS staff
- Investigate door mechanisms that lock from the inside
- Contract with an external agency to audit our safety and security practices, procedures and policies
